Efficiency

does not consist in loading your mind with facts and figures,

But It Does Consist

in knowing where to locate necessary information quickly when you want it.

Consult your City Directory

It contains more information about the city and its people than any other book.

The star (*) appearing after street number indicates house owned by occupant.

Efficiency
does not consist in loading your mind with facts and figures,
But It Does Consist
in knowing where to locate necessary information quickly when you want it.
Consult your City Directory
It contains more information about the city and its people than any other book.

La Salle Stair Cushions

In Toronto's MODEL HOME

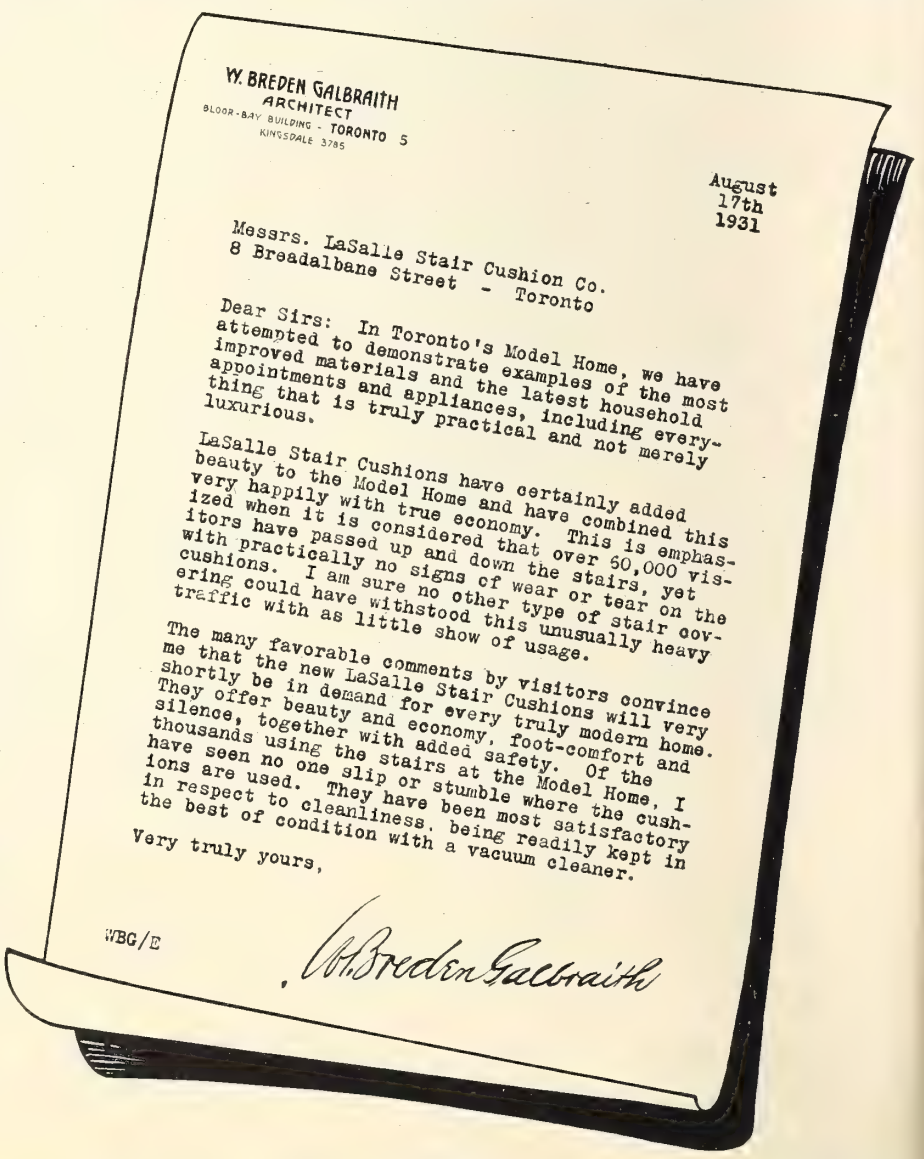
A Visit to Toronto's Model Home

In Toronto's Model Home, on Cortleigh Boulevard near the corner of Avenue Road, W. Breden Galbraith, the architect, has assembled and presented all of the latest devices and developments that make for home beauty, comfort and economy.

In a visit to the Model Home one may gain more information of practical value than in many months of search through the magazines devoted to such subjects.

Walls, ceilings and floors form the backgrounds essential to beauty in the home. Various methods of wall treatments are demonstrated. There are ceilings of textured paint and strippled plasters, with and without ornamental cornices. Floor surfaces include block oak and plain oak, new linoleum coverings, different treatments in ceramic tile and many special finishes holding out a wealth of opportunity for the home builder.

The Staircase Beautiful



As one looks from the spacious front hall to the first floor landing the eye is immediately arrested by the imposing beauty of the staircase, set off to excellent advantage by the wrought iron balustrade and the luxuriant La Salle Stair Cushions that carpet the foot as one walks upstairs.

The La Salle Stair Cushion is something entirely new in stair coverings—as economical as it is beautiful—as safe and silent as it is clean and sanitary.

To all of the luxurious richness of the carpet itself is added the beauty of the polished brass mouldings and the woodwork finish of the stairway itself.

La Salle Stair Cushions are made to your individual order and to your own choice of shade and pattern in individual panels to the exact measurements of your own stairway and landings. They are cut and shaped to your own particular requirements.

The rich brass bindings frame and set off the beauty of the carpets and linoleums—the natural woodwork of the staircase, where it is left exposed, enhances the rich effect of both.

Messrs. LaSalle Stair Cushion Co.
8 Breadalbane Street - Toronto

Dear Sirs: In Toronto's Model Home, we have attempted to demonstrate examples of the most improved materials and the latest household appointments and appliances, including everything that is truly practical and not merely luxurious.

LaSalle Stair Cushions have certainly added beauty to the Model Home and have combined this very happily with true economy. This is emphasized when it is considered that over 60,000 visitors have passed up and down the stairs, yet with practically no signs of wear or tear on the cushions. I am sure no other type of stair covering could have withstood this unusually heavy traffic with as little show of usage.

The many favorable comments by visitors convince me that the new LaSalle Stair Cushions will very shortly be in demand for every truly modern home. They offer beauty and economy, foot-comfort and silence, together with added safety. Of the thousands using the stairs at the Model Home, I have seen no one slip or stumble where the cushions are used. They have been most satisfactory in respect to cleanliness, being readily kept in the best of condition with a vacuum cleaner.

Very truly yours,

WBG/E

W. Breden Galbraith

La Salle Stair Cushion in beautiful home of Mr. and Mrs. J. M. White, 320 Lytton Blvd., Toronto

Greater Safety

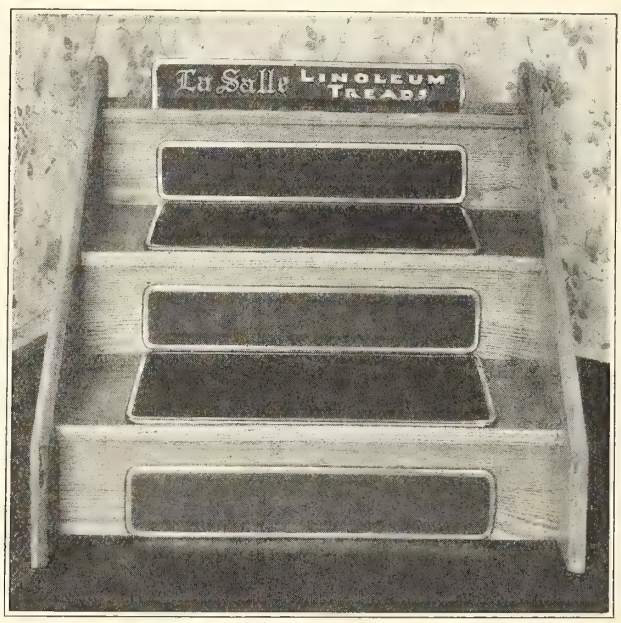
The La Salle Stair Cushion provides a firm and secure footing, and completely eliminates that danger of slipping which is prevalent with all polished woodwork. In the home where there are children and the occasional "spill" cannot be avoided, the cushioning softness of La Salle Cushions is leg and arm insurance for anxious mothers.

Luxurious Underfoot

Amply padded, the La Salle Stair Cushion gives to the natural depth and springiness of its carpet pile an added resilience and softness that gives a feeling of luxury and richness that has hitherto been unobtainable in any but the world's most expensive carpets. To the depth of the carpet itself is added the depth and comfort of the padding.

Indefinite Wear

La Salle Stair Cushions are practically indestructible and wear for a lifetime. The brass bindings at the edges shield the carpets and linoleums from the pressure of the foot.



Economy

The point at which the wear on all stair coverings is greatest is at the nose of the stair, where it comes most frequently in contact with the scuffling of feet. It is at that exact point, where the carpeting serves no useful purpose, the La Salle Cushion cannot be worn out at the nose of the stair, for there is no covering there to be worn, and the edges of the La Salle Cushion which comes nearest to this point of wear is fully protected by the indestructible brass edging.

If, during their long and honourable career, one of your La Salle Stair Cushions should become damaged, it is only the one cushion that has to be replaced, and not the entire carpet, as is the case with ordinary stair runners.

Reversible

When the stair cushions commence to show wear on one side, it is a very simple matter to reverse them, which will add many years life to them.

Complete Silence

The La Salle Stair Cushion is the one complete solution for all homes and apartment houses that are troubled by noise from exposed stairs. La Salle Stair Cushions bring immediate and complete silence. They cushion the fall of the foot and such is the depth of their padding that they do away with even that faint creaking that is common in the best built staircases. No suspicion of sound or vibration can penetrate the depths of these luxurious silencers. This feature and their rich appearance adds considerably to the renting value of apartments and houses. An imposing stairway is appreciated by everyone and tenants have shown their willingness to pay more for it.

Cleanliness

Built solidly on an airtight base of compressed board, bound tightly at the edges with impenetrable brass moulding, La Salle Stair Cushions are positively mothproof and as nearly dustproof as it is humanly possible to make any stair or floor covering. Occasional light sweeping with a broom, or the use of the ordinary household vacuum cleaner is all that is required to keep them spotlessly clean and always attractive.

Easy to Lay

The laying of La Salle Stair Cushions is simplicity itself. No skilled labour is required. The stair cushions come to you in the exact sizes ordered and a few small brass nails are all that are needed to attach each one firmly and permanently to the staircase.

Ten Years' Guarantee

With every installation of La Salle Stair Cushions a written guarantee is given. Where stairways are not subjected to heavy traffic an unqualified guarantee of 10 years' wear and satisfaction is issued.

Linoleum Stair Treads in variety of colours and textures manufactured by Dominion Oilcloth and Linoleum Co., Ltd., suitable for Homes, Duplexes, Apartments and Office Buildings. Available in standard sizes as well as made to your special requirements.
